Southeast Mainland

Unit I / Hunting

(See Unit 1 Southeast Mainland map)

Unit 1 consists of all mainland drainages from Dixon Entrance to Cape Fairweather; and those islands east of the center line of Clarence Strait from Dixon Entrance to Caamano Point; and all islands in Stephens Passage and Lynn Canal north of Taku Inlet.

Unit 1A consists of all drainages south of the latitude of Lemesurier Point including all drainages into Behm Canal, excluding all drainages of Ernest Sound.

Unit 1B consists of all drainages between the latitude of Lemesurier Point and the latitude of Cape Fanshaw, including all drainages of Ernest Sound and Farragut Bay; and including the islands east of the center lines of Frederick Sound, Dry Strait (between Sergief and Kadin Islands), Eastern Passage, Blake Channel (excluding Blake Island), Ernest Sound and Seward Passage.

Unit 1C consists of that portion of Unit 1 draining into Stephens Passage and Lynn Canal north of Cape Fanshaw and south of the latitude of Eldred Rock, including Berners Bay, Sullivan Island, and all mainland portions north of Chichagof Island and south of the latitude of Eldred Rock, excluding drainages into Farragut Bay.

Unit 1D consists of that portion of Unit 1 north of the latitude of Eldred Rock, excluding Sullivan Island and the drainages of Berners Bay.

Special Provisions:

- Closed to all hunting—Federal public lands within Glacier Bay National Park are closed to all taking of wildlife for subsistence uses.
- Closed to bear hunting—Unit 1A, in the Hyder area, the Salmon River drainage downstream from the Riverside Mine, excluding the Thumb Creek drainage.
- Closed to bear hunting—Unit 1B, the Anan Creek drainage within 1 mile of Anan Creek downstream from the mouth of Anan Lake, including the area within a 1-mile radius from the mouth of Anan Creek Lagoon.
- You may <u>not</u> shoot an ungulate, bear, wolf, or wolverine from a boat, unless you are certified as disabled.

• Unit 1C:

Closed to hunting—The area within one-fourth mile of Mendenhall Lake, the USDA Forest Service Mendenhall Glacier Visitor's Center, and the Center's parking area.

Closed to mountain goat hunting—The area of Mt. Bullard bounded by the Mendenhall Glacier, Nugget Creek from its mouth to its confluence with Goat Creek, and a line from the mouth of Goat Creek north to the Mendenhall Glacier.

• Bait may be used to hunt black bear in Units 1A, 1B, and 1D between April 15–June 15.
